EXPERIENCE

Web Developer Intern

Vebbox software solution

Feb 2024 - Jul 2024

- Front-End Development: Assisted in building and maintaining responsive web pages using HTML, CSS, and JavaScript
- Responsive Design: Optimized websites for mobile and tablet devices, ensuring a seamless experience across all screen sizes.
- Team Collaboration: Participated in daily stand-ups and code reviews, contributing to a collaborative and efficient development process
- Utilized version control systems like Git to manage code changes, collaborate with team members, and maintain code integrity throughout the development lifecycle.

PROJECTS

STUDENT ID CARD AND SHOES DETECTION

YOLO V7, PYTHON, ANOCONDA

- Developed a real-time surveillance system using YOLOv7 to detect student compliance with ID card and footwear regulations through webcam monitoring.
- Developed a real-time surveillance system using YOLOv7 to detect students without ID cards or proper footwear, with automated email alerts to ensure compliance with institutional guidelines.
- Utilized Python and Anaconda (Jupyter Notebook) for the development and implementation of the system.

PROFESSIONAL NETWORKING SITE

REACTJS, NODE JS, EXPRESS JS, MONGODB

- Developed a professional networking platform that connects short-term maintenance workers (e.g,electricians,plumber, carpenters) with employers seeking their services.
- The platform features an employer's feed for finding local workers and a worker's feed for job offers,facilitating seamless connection based on location.

E-COMMERCE AND PORTFOLIOS

HTML, CSS, BOOTSTRAP, REACTJS

- Designed and developed dynamic, responsive portfolio websites to ensure a seamless user experience across all devices.
- Built and optimized e-commerce websites to ensure responsiveness and user-friendly interfaces, enhancing customer engagement and satisfaction.
